The Director,
Other Financial Institutions Supervision Department,
Central Bank of Nigeria.

Dear Sir,

ATTESTATION LETTER: IMPLEMENTATION OF CBN RISK-BASED CYBER SECURITY FRAMEWORK AND GUIDELINES

NAME OF INSTITUTION	MUTUAL TRUST MICROFINANCE BANK
FINANCIAL INSTITUTION CODE	51065
LOCATION	ABUJA
BUSINESS ADDRESS (HEADQUARTERS)	797, ADETOKUNBO ADEMOLA CRESCENT, WUSE 2, ABUJA.

CISO DETAILS

SURNAME	IFAKANDE
FIRST NAME	OLALEKAN
MIDDLE NAME	SUNDAY
PHONE NUMBER	08023070922

INHERENT RISK PROFILE	**INHERENT RISK LEVEL**
Technologies and Connection Types	**Moderate**
Delivery Channels	**Minimal**
Online/Mobile Products and Technology Services	**Least**
Organization Characteristics	**Minimal**
External Threat	**Least**
Composite – Inherent Risk Results	**Minimal**

Maturity Results

Cyber Risk Management & Oversight

Assessment Factor	Assessment Factor Maturity	Current Maturity
Governance	Sub-Baseline	Sub-Baseline
Risk Management	Sub-Baseline	
Resources	Innovative	
Training & Culture	Evolving	

Threat Intelligence & Collaboration

Assessment Factor	Assessment Factor Maturity	Current Maturity
Threat Intelligence	Evolving	Evolving
Monitoring & Analyzing	Innovative	
Information Sharing	Innovative	

Cybersecurity Controls

Assessment Factor	Assessment Factor Maturity	Current Maturity
Preventive Controls	Evolving	Baseline
Detective Controls	Baseline	
Corrective Controls	Evolving	

External Dependencies

Assessment Factor	Assessment Factor Maturity	Current Maturity
Connections	Innovative	Innovative
Relationship Management	Innovative	

Cyber Incident Management and Resilience

Assessment Factor	Assessment Factor Maturity	Current Maturity
Incident Resilience Planning & Strategy	Sub-Baseline	Sub-Baseline
Detection, Response & Mitigation	Innovative	
Escalation & Reporting	Innovative	

Summary of Assessment Findings

- **Cyber Risk Management & Oversight**

Observation: Governance and risk management functions lack structured frameworks and enforcement, leading to ineffective oversight.

Recommendation: Establish a formal governance framework with clear roles and responsibilities. Implement comprehensive risk management policies and regular risk assessments.

- **Threat Intelligence & Collaboration**

Observation: Threat intelligence and collaboration efforts are progressing, with strong monitoring and analysis capabilities.

Recommendation: Continue enhancing information-sharing mechanisms to include external threat intelligence sources and strengthen real-time analysis capabilities.

- **Cybersecurity Controls**

Observation: While preventive and corrective controls are evolving, detective controls remain at a baseline level, which may impact incident detection and response effectiveness.

Recommendation: Strengthen detective controls by implementing advanced monitoring tools and continuous threat-hunting programs.

- **External Dependencies**

Observation: Strong external dependency management with effective connection security and third-party oversight.

Recommendation: Maintain the current approach but continuously evaluate third-party risks and update security measures as needed.

Observation: While response and mitigation efforts are strong, planning and strategic preparedness for incidents remain inadequate.

Recommendation: Develop a robust incident response plan, conduct regular simulation exercises, and establish clear escalation protocols.

Policies to implement within the next six (6) months

- Cybersecurity Incident Response Policy
- Third-Party Risk Management Policy
- Network Security Policy
- Role-Based Access Control (RBAC) Policy
- Data Privacy Impact Assessment (DPIA) Policy

Thank you for your attention to this matter.

Yours Faithfully,
For: **Floliz Nigeria Limited**
